

SB0684

95TH GENERAL ASSEMBLY

State of Illinois

2007 and 2008

SB0684

Introduced 2/8/2007, by Sen. Terry Link

SYNOPSIS AS INTRODUCED:

70 ILCS 2305/4

from Ch. 42, par. 280

Amends the North Shore Sanitary District Act. Provides that the Board of Trustees of the District shall have the authority to change the name of the District, by ordinance, to the North Shore Water Reclamation District. Provides that all provisions of the Act shall apply to the newly renamed district. Increases the maximum compensation for the President of the Board of Trustees of the District to \$14,000 (now, \$11,000) per year, and increases the maximum compensation for other board members to \$11,000 (now, \$8,000) per year.

FISCAL NOTE ACT
MAY APPLY

A BILL FOR

1 AN ACT concerning local government.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The North Shore Sanitary District Act is amended
5 by changing Section 4 as follows:

6 (70 ILCS 2305/4) (from Ch. 42, par. 280)

7 Sec. 4. Board of trustees; powers; compensation. The
8 trustees shall constitute a board of trustees for the district.
9 The board of trustees is the corporate authority of the
10 district, and shall exercise all the powers and manage and
11 control all the affairs and property of the district. The board
12 shall elect a president and vice-president from among their own
13 number. In case of the death, resignation, absence from the
14 state, or other disability of the president, the powers, duties
15 and emoluments of the office of the president shall devolve
16 upon the vice-president, until the disability is removed or
17 until a successor to the president is appointed and chosen in
18 the manner provided in this Act. The board may select a
19 secretary, treasurer, chief engineer, superintendent and
20 attorney, and may provide by ordinance for the employment of
21 such clerks and other employees as the board may deem necessary
22 for the municipality. The board may appoint such other officers
23 and hire such employees to manage and control the operations of

1 the district as it deems necessary; provided, however, that the
2 board shall not employ an individual as a wastewater operator
3 whose Certificate of Technical Competency is suspended or
4 revoked under rules adopted by the Pollution Control Board
5 under item (4) of subsection (a) of Section 13 of the
6 Environmental Protection Act. All employees selected by the
7 board shall hold their respective offices during the pleasure
8 of the board, and give such bond as may be required by the
9 board. The board may prescribe the duties and fix the
10 compensation of all the officers and employees of the sanitary
11 district. However, the president of the board of trustees shall
12 not receive more than \$10,000 per year and the other members of
13 the board shall not receive more than \$7,000 per year. However,
14 beginning with the commencement of the new term of each board
15 member in 1993, the president shall not receive more than
16 \$11,000 per year and each other member of the board shall not
17 receive more than \$8,000 per year. Beginning with the
18 commencement of the first new term after the effective date of
19 this amendatory Act of the 95th General Assembly, the president
20 of the board shall not receive more than \$14,000 per year, and
21 each other member of the board shall not receive more than
22 \$11,000 per year. The board of trustees has full power to pass
23 all necessary ordinances, rules and regulations for the proper
24 management and conduct of the business of the board and of the
25 corporation, and for carrying into effect the objects for which
26 the sanitary district was formed. The ordinances may provide

1 for a fine for each offense of not less than \$100 or more than
2 \$1,000. Each day's continuance of a violation shall be a
3 separate offense. Fines under this Section are recoverable by
4 the sanitary district in a civil action. The sanitary district
5 is authorized to apply to the circuit court for injunctive
6 relief or mandamus when, in the opinion of the chief
7 administrative officer, the relief is necessary to protect the
8 sewerage system of the sanitary district.

9 The board of trustees shall have the authority to change
10 the name of the District, by ordinance, to the North Shore
11 Water Reclamation District. If an ordinance is passed pursuant
12 to this paragraph, all provisions of this Act shall apply to
13 the newly renamed district.

15 Section 99. Effective date. This Act takes effect upon
16 becoming law.
